Event Theme: Tropical

Hi

Just wanted to let you know that my Survivor: Hawaii event was **AWESOME!!** No one could believe their eyes when they walked through the Tiki Hut and into the ballroom. The employees raved at the fact that it felt like they walked out of the rain and into a tropical paradise.

I know that I put you and your staff through many challenges when I told you that I wanted a volcano to be the center of attention. (By the way, thanks for being so patient and flexible to my needs). Everyone was truly amazed when they saw the Money Machine sitting atop a volcano- that definitely exceeded my expectations and most of all it made me look like the **HERO!!**

Without you and your staff at Events Northwest, my event would not have been as successful.

I will be planning another event for Comcast Cable in the near future and I will definitely be giving Events Northwest a call.

I look forward to a long and prosperous working relationship with you and your staff at Events Northwest and I will absolutely recommend your wonderful services to everyone!!

Until next time, keep up the fabulous work and I will see you soon!

Sincerely,
